

Who We Are

Falcon Environmental Inc. (**FALCON**) is not your typical wildlife management company. We're a cutting-edge team of innovators and conservationists, integrating ecological and technological tools to manage wildlife hazards at airports, landfills, and beyond. From falconry and canine teams to drones and wildlife strike response, we are a world leader in our field, committed to safety, innovation, and conservation.

 Richmond, BC

 Full time, permanent

 Start date: July 2024

Ready to Take Flight? Join FALCON's Wildlife Management Team at YVR!

Are you a tenacious, reliable individual with a passion for wildlife and safety? Do you thrive in dynamic environments where every day brings a new challenge? FALCON Environmental Inc. is on the hunt for dedicated and solution-focused Wildlife Management Technicians to join our team at Vancouver International Airport (YVR). If you're driven and have a strong work ethic, this is your chance to soar with the best!

The Opportunity

As a Wildlife Management Technician (WMT), you'll be at the forefront of ensuring the safety of aircraft and passengers at YVR. Imagine spending your shifts driving on the airfield, taxiways, and runways, identifying hazardous wildlife species, and using an array of tools—including pyrotechnics, falconry, and drones—to mitigate risks. You'll collaborate with a dedicated team, YVR staff, and NavCanada, making real-time decisions that protect lives.

What You'll Do

- **Patrol & Protect:** Drive in the airside environment, maintain situational awareness, and deploy wildlife dispersal tools to minimize hazards.
- **Innovate & Adapt:** Use pyrotechnics, falconry birds, canines, drones, and more to manage wildlife.
- **Monitor & Report:** Identify wildlife, collect data, complete activity reports, and respond to wildlife strikes.
- **Maintain & Manage:** Keep company vehicles and equipment in top shape, ensuring safety and readiness.

Who You Are

- **Passionate & Perseverant:** You share our values of passion, innovation, and expertise.
- **Independent & Accountable:** You can make sound decisions under pressure and work both independently and as part of a team.
- **Physically Fit & Outdoorsy:** You love working outdoors in all weather conditions and can handle long shifts.
- **Detail-Oriented & Tech-Savvy:** You're comfortable with technology and have a keen eye for detail.
- **Experienced with Wildlife:** You have experience in animal training, hunting, trapping, birdwatching, or wildlife identification.

Must-Haves

- **Driver's License:** A valid BC Class 5 license or North American equivalent, with a clean driving record.
- **Firearms Certification:** A valid Firearms Possession and Acquisition - unrestricted certificate (PAL).
- **Hunter Licence:** Completion of the CORE Training course and possession of a BC Hunter licence.
- **Communication Skills:** Fluency in English and a Radiotelephone Restricted Operator's Certificate - Aeronautical.
- **Clean Record:** Ability to pass an Enhanced Background Check by Transport Canada.
- **Eligibility:** Canadian citizen or Permanent Resident, legally eligible to work in Canada.

Why Join Us?

- **Competitive Benefits:** Comprehensive group insurance, pension plan contributions (2% RRSP matching), up to 10 paid sick days, paid breaks, and 6% vacation accrual.
- **Growth Opportunities:** Training, development, and career advancement within a dynamic, human-scale organization.
- **Wellness Focus:** A workplace that values mental and physical health.
- **BC Living Wage Employer:** Starting at \$26/hour (training rate).

Ready to Apply?

If you're ready to bring your skills and enthusiasm to a leading wildlife management team, we want to hear from you! Submit your cover letter and resume at career@falconenvironmental.com. Positions open until filled. Only selected candidates will be contacted.
